AN AFTERNOON WEDDING.

Quot Marriage of Miss Alice Charnock and Albert Barber.

Miss Alice Charnock, eldest daughter of Mr. and Mrs. James Charnock, residing at 1555 North Church street, and Albert Barber, younger son of Mr. and Mrs. Volney Barber, were united in marriage this afternoon at 2:30 o'clock, by Rev. T. A. Parker, pastor of the First M. E. church, at the parsonage on West Main street. The wedding was a very quiet one, only the immediate relatives of the couple witnessing the ceremony. The bride wore a becoming costume of dove colored cloth with pink chiffon trimmings, and carried a bouquet of Marchesi Niel roses. The groom was attired in conventional black.

Both the bride and groom are well known in this city, where they were born and educated. The groom is connected with the well known factory of the H. Maeller Mfg. company on East Main street in the capacity of typewriter and stenographer. The bride formerly officiated as cashier at the Boston store, which position she held until the store and contents were destroyed by fire. She is a young lady well liked by all her friends. The Reverend wishes both Mr. Barber and his bride a full measure of happiness.

Mr. and Mrs. Barber for the present will reside at 1555 North Church street and in the spring they will commence the erection of a residence.

THE BONDS WILL ISSUE.

A Majority in Favor of the Proposition at the Election.

The voters of Macon county on Tuesday, Nov. 8th, voted on the proposition to authorize the issue of bonds to pay for the erection of the new court house. The vote was: For issuing the bonds, 2,690; against, 782. Majority in favor of the bonds, 1,908, and the county board under the statute, by the vote quoted, is authorized to issue the bonds.

The Illinois statute has this to say on the question of voting for the issue of bonds: "If a majority of the votes of such election on that question shall be in favor of the bonds, such county board shall be authorized to issue such bonds."

Wants a Fight.

The attorney for the Sunday Sun publishing company is trying to have the order of Mayor Chambers stopping the sale of the paper in Decatur recalled. He has had an interview with the mayor, but Mr. Chambers refuses to budge from the position he has taken, and has no more to say. He regards the Sun as an improper paper to be sold on the streets of Decatur, and if there are any dealers or boys caught selling the paper here they will be arrested and prosecuted. What the Sun attorney will do remains to be seen. Possibly in order to make a test case he will have some kid sell the Sun on the streets to provoke an arrest and go into court hoping to win on a show-down.

Growing.

The state convention of Illinois Odd Fellows is in session at Springfield. The grand secretary's report showed that since the last report the number of unauthorized lodges has increased from 733 to 769 on March 31, and the membership from 38,858 to 46,241; that the total revenue of the lodge was \$426,065 and the total relief paid out \$141,805. The Illinois degree lodges Dec. 31, 1891, numbered 245, with a membership of 14,228, being 6,948 brothers and 7,280 sisters. There receipts during the year were \$16,674 and the expenditures \$15,243.

Returns to the Wrong Office.

A number of county clerks have made a mistake in sending in their election returns, by sending the vote on trustees of the state university and congressmen at large under seal to the speaker of the house instead of the secretary of the state. It will be necessary for the state board of canvassers to send back to the county clerks for a duplicate of the returns, thus delaying the closing of the canvass about three-fourths of the counties have sent in their returns to presidential electors and the tabulation is proceeding slowly.

Having Good Luck.

L. F. Skelley, city clerk, has received a letter from the Midriff-Leach-Pearce banking party in camp 10 miles east of Birney, Mo. The first day after getting the card signed the party sided two deer, but failed to get close enough to get a shot at them. They killed four muskrats and brought down squirrels until they grew weary. The prospects for great sport are brighter than ever. Possibly Mr. Skelley and Tom Herdy will leave for Missouri Saturday to join the party.

Going to Orleans.

Friendship Lodge No. 126, Knights of Pythias, at Orleans, will advance two Pages to the rank of Esquire this evening, after which a banquet will be served. Past Chancellors Wiener, Stoddard and Danrow, and Knights Halmehusen, Lyon, McKinney, Weigand, Frederick Fish and others will attend.

Will Make Clothing.

Milton Johnson, I. R. Mills, D. L. Vigne, E. G. Allen, and E. W. Poodleton are the organizers of the Orleans Manufacturing company of Decatur, capital stock \$25,000. It is the purpose of the company to engage extensively in the manufacture of clothing. The plans will be developed in a short time.

A Factory Building.

Charles P. Thatcher is having a factory building erected on his property on North Main street, close to the Wabash railway. It will be 48x55 feet in size, and two stories high. A. M. Reeves, the patentee of the Novelty baby carriage, will use part of the building. Other parties are seeking space there.

Bananas and Oranges.

To-day the firm of Geo. W. Ehrhart & Co. received a carload of elegant bananas from the south, and the fruit is now ready for the trade. To-night a carload of choice Florida oranges will arrive at the wholesale house. Dealers should place their orders at once with Ehrhart & Co.

Will Be Married To-morrow.

Ex-Postmaster S. S. Jack left yesterday morning for Greencastle, Westmoreland county, Pa., where to-morrow evening he will be united in marriage to Miss Kate Laird at the home of the bride's

Harry Macmaster, of Chicago, arrived in the city this morning. He will be united in marriage to-morrow evening at 9:30 o'clock with Miss Ella Badenhausen, at her home on East Eldorado street.

DEFEAT AT THE CAPITAL.

The Barbers' Sunday Closing Movement a Failure.

Springfield is to have open barber shops on Sunday, unless the city council takes some action which will close them. Yesterday the cases against the boss barbers who had refused to close up on Nov. 8 were dismissed by the States Attorney Turner and this will probably end the prosecution and the Sunday closing barbers, so far as the state is concerned. The action taken by the states attorney is in compliance with a decision of the supreme court, which has decided that such cases as those against the barbers cannot hold good under the state law. This is a defeat for the Barbers union, but it is probable that the association will endeavor to have a Sunday closing ordinance passed by the Springfield local council and thus secure the end which the criminal prosecutions failed to reach.

A Bluff.

A telegram from Champaign says: "It is rumored in this city to-day that Col. T. B. Busey will contest the election of Mr. Cannon to congress from this district. The grounds of the contest will be alleged illegal voting and tampering with the ballots and returns in Vermilion county, where Cannon received such an increased vote over his vote of 1890. It is said that there will be some very startling revelations made by Col. Busey should coincide to contest the election, which many of his influential friends are encouraging him to do."

DELIVERED HIMSELF UP.

After Killing the Man Who Debauched His Wife.

GUTHRIE, Okla., Nov. 15.—Sunday night a man rode up to the city jail and asked to be put into custody, saying that he had killed a man at a ranch south of here. He would give no particulars and asked that an officer be sent to the spot. Yesterday it was learned that his name is G. J. Durr, and that he had killed S. H. Rose, a cattleman and formerly a member of the fifth United States cavalry, whom he had found in a compromising position with his wife upon his unexpected return to his home.

Found Floating in the Tennessee.

CHATTANOOGA, Tenn., Nov. 1.—Joe Lane's wife, with a party of strangers, found his body floating in the Tennessee river yesterday. Two gunboats were all that told the story of his mysterious taking off Saturday night by one load for his gun. He did not return home, and his wife with friends went to search for him. They found the body with its evidence of murder, but no clue to the murderers. The cause of the deed cannot be ascertained. Lane was a prosperous young farmer.

Getting Ready to Start Up.

BEAVER FALLS, Pa., Nov. 15.—When the whistles in the Carnegie works blew last evening there were sixty mechanics at work getting the machinery in readiness for the start which is expected to be made to-morrow. Most of the men now at work in the mill are strangers who came in a few at a time. A large number arrived during the afternoon. The town is quiet and the strikers are doing all in their power to keep the peace. There are no indications of trouble.

Suicide of a Freshman.

ORANGE, Mass., Nov. 15.—Rev. G. H. Harris, aged 23, pastor of the Universalist church, North Orange, committed suicide on Saturday night by shooting. He was unmarried and lived alone. He was not missed until his congregation was seated in church Sunday afternoon. A messenger found him dead in his study with a revolver in his hand.

Mr. Harris was ordained last year. He was a native of Pennsylvania.

THE LATE LANDSLIDE.

The True Cause of the Defeat of Republicans.

AS SHOWN BY ELECTION STATISTICS.

It Was the Stay-at-Home Vote of Apathetic Farmer Republicans that Did the Business for the Grand Old Party.

WASHINGTON, Nov. 15.—The latest explanation of the election is given by Mr. Fred C. Waite, the special expert of the census bureau, in charge of the statistics of true wealth. He says the election went the way it did because a million republican farmers shied at home last Tuesday. All the other surplus of the election seem to him to have been but the following out of natural laws well established by statistics.

In a paper prepared for delivery before Johns Hopkins University he says: "The decrease in the per cent of our population engaged in farming from 1850 to 1890 was exceedingly small. You may ask how, then, could the per cent of our population in the cities have increased from 13.5 to 33.5 per cent. Because the per centage of our population in villages decreased from 38 to 25 per cent. During the eighties there was a change in this unfavorable of decrease in population and wealth engaged in the various industries. In 2,000 miles of counties on both sides of the Mississippi south of St. Paul every county has, for a stretch of twenty miles, shown an absolute decrease during the eighties in the farming population. It is not only so in almost every county east of the Mississippi, but also in the counties containing the major part of the population westward to the Pacific.

"With this exodus of young people from the farms, the money and the wealth has been piled up in the cities. In the north central states which contain one-third of the wealth of this continent, the increase in the value of urban real estate has been six times as great as that of the farms, which has actually failed to increase as fast as the mortgage indebtedness upon them. Is it any wonder that this election means more than the defeat of one party? There is nothing surprising to the statistician in the Cleveland vote except that it has been cut down by the new methods of balloting. The republican farmers have not become democrats. In the northwest they voted largely as populists, but in the central and eastern states they voted against all three parties. The fact that a million republican farmers stayed home and took care of their own business together with the magnitude of the populist vote was the one warning feature of the election. The stay-at-home voters who decide nearly all doubtful elections, seem to be almost as numerous as in 1892 or in 1872. Although there was not a third party in 1892 strong enough to get an electoral vote, yet because of the dissatisfaction with the whig party as shown by the unusually large stay-at-home vote the people's or republican party was the natural result. The populists have already elected twenty-six electors and the tremendous stay-at-home vote in every state shows that things are ripe for a reorganization of parties. The only question is whether great minds will step to the front and lead the reorganization or whether it will be left to the political kickers and men with socialist inclinations."

A BOLD SCHEME.

To Swindle the City of Cheyenne While Didn't Work-A Warrant Issued.

CHEYENNE, Wyo., Nov. 15.—A warrant for the arrest for Ben Blanchard who attempted to bunco the city of Cheyenne out of \$200,000 has been issued, and officers are after Blanchard who is at Hutchinson, Kan. Blanchard came here a year ago, claiming to be an agent for an eastern syndicate wanting to build a half million dollar smelter in Cheyenne. A bonus of \$200,000 in cash and real estate was raised by the people here, but contrary to Blanchard's expectation the election to turn it over to him until the smelter was completed. Blanchard made a bold bluff of commencing work and commenced contracting for several thousand dollars' worth of work on excavations. Part of this he paid for by drafts on eastern people which were returned protested. Blanchard left the city and for the past three months could not be located.

WHISKY DID IT.

A Bloody Affray With Fatal Results Among Drunken Miners.

ZANESVILLE, O., Nov. 15.—Passengers on the Western & Ohio train yesterday afternoon, report a terrible fight at St. Clairsville Junction, a small mining town about four miles west of Bellair. About twenty miners engaged in a bloody battle, went to hell and indulged deeply in intoxicants.

On returning to St. Clairsville Junction a political discussion precipitated a drunken brawl, in which a miner named Veinstra was killed, and another miner named Fiskler was fatally injured. Knives, stones and clubs were used as weapons in the melee and several of the participants received injuries which are serious. About fifteen of those engaged in the fight were arrested, but those who inflicted the blows which were fatal escaped.

Miss Mather is Not Mrs. Pabel.

LOS ANGELES, Cal., Nov. 15.—Miss Margaret Mather declines to be interviewed regarding her reported marriage with G. G. Pabel, son of the Milwaukee brewer. Her niece, however, denies that there has been any wedding. Pabel came to this city with the company and placed Miss Mather's name on the hotel register beneath his own.

Will Not Be a Republican.

EMPORIA, Kan., Nov. 15.—Official returns from Genwood county give only two majority for Waterhouse for state senator. This makes it certain that the next United States senator will not be a republican.

Death of the Widow of Ralph Waldo Emerson.

BOSTON, Nov. 15.—The widow of Ralph Waldo Emerson died at Concord, Mass., Sunday. Mrs. Emerson will be buried to-day at the stately and illustrious husband in Sleepy Hollow.

Here's What the Plasterers Think of
ROCK PLASTER.

WE THE UNDERSIGNED, contracting plasterers, after much experience and observation, take pleasure in testifying to the practical character of ROCK PLASTER, and while it will remove a not inconsiderable amount of business, namely that of patching, we advocate its use, as it enables us to do work and guarantee the results, and enables us to carry on our trade at all seasons of the year, and modernizes that part of building enterprise which has undergone practically no improvement in the last two thousand years, placing the business of the plasterer on the same footing as that occupied by the other trades through the advent of machinery and improved methods.

A RENEGADE RUSSIAN

Employed to Prepare the Bohring
Sea Statistics.

SOME OF HIS EARLY HISTORY EXPOSED

A Man of Versatile Talents, but of
Unreliable Moral Attributes—His
Former Works, Good and
Bad, Reviewed.

SAN FRANCISCO, Nov. 14.—If the state department had made inquiries in San Francisco it would not have trusted Ivan Petroff to prepare Bohring sea statistics. Petroff is a renegade Russian of whose early history no one can speak with certainty. His first appearance here twenty years ago was in a situation as compositor on the Evening Bulletin. He then read and spoke a half dozen languages and was wont to amuse his fellow printers with romantic tales of his adventures in Europe. He had also served several years in Siberia and Alaska, and he used to predict a great future for Seward's purchase. One day he was arrested as a United States deserter, but through the aid of Senator Sargent he secured his release. After this he began to write for the newspapers and during the Russo-Turkish war he contributed much valuable material. It was while doing this work that he turned in a column editorial on the war in the London Times. That settled his reputation as a newspaper contributor here. Hubert H. Bancroft, the historian, however, employed Petroff to gather material for his histories of the Pacific states and the Russian adventurer wrote much of Bancroft's history of Alaska, which is well known.

Twelve years ago Petroff was appointed to take the first census of Alaska, and he did the work so well that he was engaged again by Porter two years ago. Petroff, who came from the Arctic, notably if D. Wolfe, a New York correspondent at Valparaiso, declares that Petroff had not made an honest census of Alaska, but had simply averaged the figures and it to his previous figures. Wolfe declared more than two years ago that his census would be found worthless if an expert verified any part of it.

MISS COLLINS WANTS DAMAGES

From Ex-Judge Wescott, for Alleged Defamation of Character.

CAVENDISH, N. J., Nov. 13.—As a sequel of the trial of Francis Lingo for the murder of Miss Annie Miller, Miss Mary Collins, sister of the murdered woman, yesterday brought suit against ex-Judge John W. Wescott, senior counsel for the accused negro, for \$35,000 damages for slander and defamation of character. Miss Collins was one of the principal witnesses for the state, and her testimony had much to do with convicting Lingo at the first trial. During the recent trial the ex-judge referred to Miss Collins in the cross-examination as "Mrs. Miller," and during the preliminary work necessary upon the securing of a new trial for the convicted negro, ex-Judge Wescott scolded affidavits and testimony from an alleged detective named Campbell, in which it was said that the latter had maintained improper relations with Miss Collins, and that during one of their meetings Miss Collins admitted certain facts which tended to throw the crime upon her brother-in-law.

In the former summons which was served at noon yesterday on Wescott, the particular acts of slander upon which the suit is based were not given. Mr. Wescott declares that the bringing of the suit is "a game of bluff," and that the Miller household does not want the murder further investigated. All the facts, he contends, point undoubtedly to Lingo's innocence and the guilt of some one else. For over two years the evidence in this case has been carefully considered and sifted, and there is no proof at all which a student of law would construe as against the defendant.

Public sentiment in and about Merchantsville is increasing against Lingo.

NO EGGS IN HIS'N

Gen. Weaver Denies Harvey's Story as Relating to Him.

DES MOINES, Ia., Nov. 15.—Gen. Weaver was shown the United Press dispatch from Topeka in which L. S. Harvey, secretary of the people's party campaign committee of Kansas, says Gen. Weaver, when in Topeka, during the campaign consented to be pecked with eggs that the blame might be laid on the republicans.

"There is no truth in the story so far as it relates to me," said the general. "I never heard of it before. No one ever asked me to be willing to be pecked with eggs, and they would not have gotten any eggs if they had. The story is the sheerest fabrication."

McKeesport, Pa., Burning.

PITTSBURGH, Pa., Nov. 14.—The city of McKeesport is burning. Owing to the water famine which has prevailed for a long time it is feared a large portion of the city will be destroyed. Five engines and a large supply of hose have been sent from here. Water will have to be pumped from the river, as there is no supply at the waterworks.

THE MECKER CASE.

An Interesting Question for the Naval Authorities to Decide.

WASHINGTON, Nov. 15.—The findings of the court-martial in the case of Capt. Mecker have reached the navy department. Capt. Mecker was charged with neglect of duty while in command of the machine gun of the cruiser Chicago during her recent cruise in South American waters. At La Olaya four of her men obtained some liquor and got intoxicated. Capt. Mecker was held responsible for their conduct, court-martialed, found guilty of neglect of duty and sentenced by Admiral Walker to suspension from duty for one year on half pay.

Admiral Walker first caused Capt. Mecker to be publicly reprimanded on the quarter-deck and then court-martialed. When the court met Capt. Mecker pleaded as a bar to proceedings that he had already been punished by reprimand. The court decided that the captain's plea in bar was good, but Admiral Walker directed the court to proceed regardless of the plea and it did so, finding the captain guilty as charged.

The navy department can do nothing in the matter unless Capt. Mecker appeals from the decision of the court. Should he do so, the authorities will have the interesting question to decide whether or not an officer can be punished twice for the same offense.

SAVING TECHNICALITIES

Give the Reader Ruffian Clyde Mattox a New Lease of Life.

WASHINGTON, Nov. 15.—The supreme court yesterday gave a new lease of life to a border ruffian named Clyde Mattox, under sentence of death pronounced by the United States district court of Kansas for a murder committed in the Indian territory. It appeared that on the trial the bailiff in charge of the jury informed them that "this was the third time Mattox had killed," and further informed them to have access to a newspaper which published a full account of the desperado's previous crimes. Further, the Kansas court refused to admit evidence that the federal man had before his death that he knew it was not Mattox who shot him. For these reasons Chief Justice Fuller granted a new trial.

Secretary Foster's Unsuccessful Suit.

WASHINGTON, Nov. 15.—Secretary Charles Foster, of Ohio, in his private capacity was an unsuccessful suitor before the supreme court yesterday.

The case was Charles Foster, appellant, vs. the Mansfield, Coldwater & Lake Michigan Railroad Co., et al., an appeal from the circuit court of the Northern District of Ohio. It was a bill in equity to open the foreclosure of a mortgage given to George W. Cass and Thomas A. Scott and to vacate the order of sale issued thereunder upon the ground of fraud and collusion between the railroad and the Pennsylvania railroad. The chief defense was laches on the part of Mr. Foster in the shape of delay in filing his claim.

Justice Brown in filing the decision said the case left it in doubt whether, even if the decree were set aside, it would redound to the credit of the plaintiff, inasmuch as he was only a holder of common stock in the road and there was \$1,000,000 in bonds and a floating indebtedness of \$300,000, besides the road had only sold for \$500,000. But if any event the proof of laches was complete and so the decree of the court below would be affirmed.

The Surveyor of Customs at Cincinnati Halted Over the Goods.

WASHINGTON, Nov. 15.—Assistant Secretary Spaulding has written a letter to the surveyor of customs at Cincinnati, in which he says he regrets to be under the necessity of informing him that complaints are frequently made in regard to the obstructions placed by him in the way of the entry of merchandise received at Cincinnati under immediate transportation entries. These obstructions seldom arise at other ports, and there does not seem any satisfactory reason for their existence.

The letter then goes on at length to explain the law and regulations to the surveyor, and concludes by expressing the hope that the position of the treasury department is now clear, misconception removed, and that there will be no further cause of complaint at the conduct of the surveyor.

Our Exports of Live Animals Increased.

WASHINGTON, Nov. 15.—The increase in our exports of live animals and beef and hog products continues. Last month we sent out live cattle to the value of \$2,500,000, which was \$239,000 more than in the same month last year. Our total exports of beef, hog and dairy products for the month were \$10,548,000, against \$9,909,000 for October, 1891.

Is a Periodical.

WASHINGTON, Nov. 15.—The treasury department has decided that a periodical issued weekly and containing, besides a continued story, complete stories and other matter, is a periodical and not a book, and is subject only to the provisions of the tariff law regulating the importation of periodicals.

Practically Completed.

WASHINGTON, Nov. 15.—The work of the manufacturers' division of the census office is virtually completed, and this morning 300 clerks employed in the division will be dismissed.

A \$500,000 FIRE

At McKeesport, Pa., Caused by the Explosion of a Lamp.

McKeesport, Pa., Nov. 15.—At 8 o'clock last evening fire broke out in a large grocery store at the corner of Jennie Lind and Eleventh street. After ten houses had been consumed the national tube works came to the rescue by pumping water into the city's mains from the city waterworks. The fire was soon under control and the fire was got down and the fire was got down and the fire was got down.

It Should Be in Every House.

J. B. Wilson, 371 Clay street, Shreveport, La., says he will not be without King's Baking Powder for Consumption, Coughs and Colds, that it cured his wife who was threatened with Pneumonia, and that it cured his child who was threatened with the same disease. He also says that it cured his child who was threatened with the same disease. He also says that it cured his child who was threatened with the same disease.

A Gun Sargeant in Lake Erie.

While the schooner Madeline Downham on its way from Buffalo to this city, was passing the Dunning, about 100 miles east of here in Lake Erie, Captain Patrick Woods saw about half a mile ahead the waters of the lake lashed into a foam.

Driving near, to the surprise of the captain and all on board, a huge sea serpent wrestling about in the waters as if fighting with an unseen enemy was seen. It soon quieted down and lay at full length on the surface of the water.

Captain Woods estimates it to be about fifty feet in length and not less than four feet in circumference of body. Its head was projecting from the water about four feet. He says it was a terrible looking object. It had viciously sparkling eyes and a large head. Fins were plainly seen seemingly sufficiently large to assure the snake in propelling itself through the water. The body was dark brown in color, which was uniform all along. From what he says it would be capable of crushing a yawl boat and its occupants.

As the vessel passed on its course the snake was seen disporting itself on the lake. At the time he saw it the lake was calm and there could have been no mistake in recognizing the object.—Cincinnati Enquirer.

Sermons as an Investment.

What is the most paying form of literature? Under certain circumstances, apparently, sermons. The sermon which Canon Fleming recently preached at Sandhurst has already realized a profit of \$1,000.

NO EXTRA SESSION.

Mr. Cleveland Not Seeking Counsel from His Enemies

AND MINDFUL OF BUSINESS INTERESTS

Which an Extra Session Might Injure, and for Other Reasons Will Not Consent to Call an Extra Session of Congress.

NEW YORK, Nov. 15.—The Sun this morning says: "The Sun is permitted to announce authoritatively this morning that it is the present determination of ex-President Cleveland not to call an extra session of congress after his inauguration on March 4 next. It is further announced that in the estimation of present of Cleveland and his closest friends an extraordinary session would turn out to be a profitless proceeding. His friends say that Mr. Cleveland must have time after his inauguration to look over the ground."

There is a natural objection also to the resumption of congress immediately after the inauguration, on the ground that it would have more or less of an injurious influence on the business of the country.

Another objection to an extraordinary session in the minds of Cleveland's friends is that the republican party and its allies have demonstrated altogether too much desire that Mr. Cleveland should call an extraordinary session. It is not customary for a new administration to accept counsel from the enemy.

But longer than anything else is the feeling that an extraordinary session could be of no particular advantage, and that the proper thing to do is to give Mr. Cleveland and the democratic leaders time to look around and determine just what course to pursue.

The best authorities said last night that it would take all next summer and fall to get under headway, and that it will be plenty of time to go ahead at the beginning of the Fifty-third congress in December, 1893.

Mr. Cleveland is to speak at the dinner at the chamber of commerce this evening.

German Social Democrats.

BERLIN, Nov. 15.—The annual national conference of the social democratic party was opened in Concordia hall last evening with a reception. More than 500 accredited delegates were present. Conspicuous among them were August Rebet, Wilhelm Liebknecht, Ignaz Auer, Paul Singer, and Deputies Deitz, Metzger and Stadler.

Carl Griebner, member for Nuremberg, was elected president, and Deitz, of Bremen, vice-president. Other work of organization occupied the rest of the evening. The programme of subjects already laid out for the discussion of the conference was approved with but trivial alterations.

The English Cotton Spinners' Strike.

LONDON, Nov. 15.—There is no prospect of a cessation of the cotton strike or lockout, as the operatives prefer to call it. The second week of the lockout opened with increased prospects of trouble. There are 9,000,000 spindles still at work on full time; 160,000 on short time and 13,000,000 are stopped. The masters' federation has asked the owners of the spindles on full time to shorten hours on Thursday. All have assented, except those at Bolton, who spin Egyptian cotton cheviots. They claim that their hands are full of orders.

The leaders of the spinners state that if the employers generally adopt short time, with a corresponding reduction of wages, the struggle will terminate.

Bakery and Tobacco Factory Burned.

ST. JOHNS, N. F., Nov. 15.—A destructive fire visited St. John's yesterday, destroying a large bakery and the tobacco factory of Harvey & Co. The buildings were all new, having been rebuilt on the ruins of the great fire of last July. The loss on buildings is \$100,000, and on stock about \$50,000, fully covered by insurance.

The cause of the fire is unknown. One hundred and fifty hands are thrown out of employment. The plant will be rebuilt at once.

Will Remain by His Chancellor.

BERLIN, Nov. 15.—It is stated here on reliable authority that the emperor has assured Caprivi that he will not personally separate from him in the event of the defeat of the military bill.

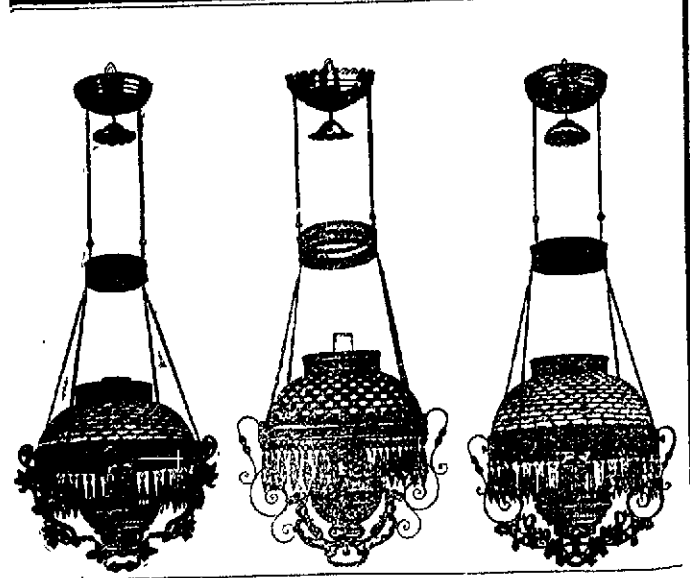

The Emperor of Japan will visit Europe next year and may possibly be induced to take a run through the United States.

THE LAXATIVE GUMDROPS.

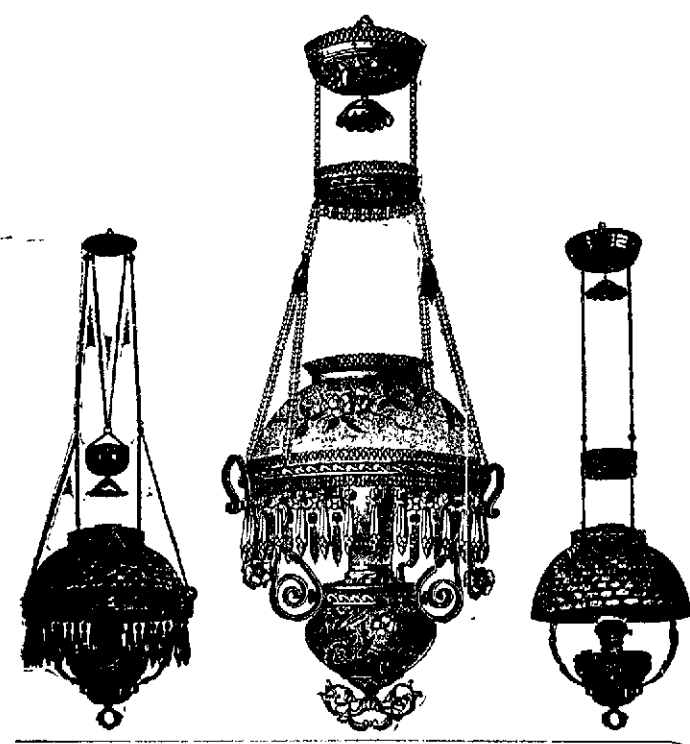

This is a new cathartic that has just been put on the market. They contain a gentle laxative that move the bowels easily without pain or griping. They are in the form of a gumdrop. They contain no taste of medicine and are followed by no disagreeable results. People who do not like to take pills will find that these gumdrops completely answer all the requirements. They can be taken at any time either before or after eating without any precautions. They are an excellent thing for children, for, as there is nothing disagreeable in their taste they can be given without the little ones suspecting that they contain medicine. Then too, these drops are perfectly harmless. While two or three are a dose, as many as ten can be taken without ill results. The small boxes are sold for ten cents, the large ones for 25 cents. Ask your druggist for them, and if he will not order them for you, send us the amount and we will mail them to you.

AN AFTERNOON WEDDING.
Quiet Marriage of Miss Alice Charnock and Albert Barber.

Miss Alice Charnock, eldest daughter of Mr. and Mrs. James Charnock, residing at 1355 North Church street, and Albert Barber, younger son of Mr. and Mrs. Volney Barber, were united in marriage this afternoon at 2:30 o'clock, by Rev. T. A. Barker, pastor of the First M. E. church, at the parsonage on West Macon street. The wedding was a very quiet one, only the immediate relatives of the couple witnessing the ceremony. The bride wore a becoming costume of dove colored cloth with pink chiffon trimmings, and carried a bouquet of Maudslayi roses. The groom was attired in conventional black.

Both the bride and groom are well known in this city, where they were born and educated. The groom is connected with the well known factory of the H. Maeller Mfg. company on East Main street in the capacity of typewriter and stenographer. The bride formerly officiated as cashier at the Boston stores, which position she held until the store and contents were destroyed by fire. She is a young lady well-liked by all her friends. The Republican wishes both Mr. Barber and his bride a full measure of happiness.

Mr. and Mrs. Barber for the present will reside at 1355 North Church street and in the spring they will commence the erection of a residence.

THE BONDS WILL ISSUE.
A Majority in Favor of the Proposition at the Election.

The voters of Macon county on Tuesday, Nov. 8, voted on the proposition to authorize the issue of bonds to pay for the erection of the new court house. The vote was: For issuing the bonds, 2,690; against, 782. Majority in favor of the bonds, 1,908, and the county board under the statute, by the vote quoted, is authorized to issue the bonds.

The Illinois statute has this to say on the question of voting for the issue of bonds: "If a majority of the votes of each election on that question shall be for county bonds, such county board shall be authorized to issue such bonds."

Wants a Fight.
The attorney for the Sunday Sun publishing company is trying to have the order of Mayor Chambers stopping the sale of the paper in Decatur recalled. He has had an interview with the mayor, but Mr. Chambers refuses to budge from the position he has taken, and has no more to say. He regards the Sun as an improper paper to be sold on the streets of Decatur, and if there are any dealers or boys caught selling the paper they will be arrested and prosecuted. What the Sun attorney will do remains to be seen. Possibly in order to make test cases will have some kid sell the Sun on the streets to provoke an arrest and go into court hoping to win on a show-down.

Growing.
The state convention of Illinois Odd Fellows is in session at Springfield. The grand secretary's report shows that since the last report the number of subordinate lodges has increased from 738 to 760 on March 31, and the membership from 38,858 to 46,241; that the total revenue of the lodge was \$425,065. The Illinois degree lodge Dec. 31, 1891, numbered 245, with a membership of 14,228, being 6,948 brothers and 7,280 sisters. There receipts during the year were \$16,674 and the expenditures \$16,243.

Returns to the Wrong Official.
A number of county clerks have made a mistake in sending in their election returns, by sending the vote on trustees of the state university and congressional seats under seal to the speaker of the house instead of the secretary of the state. It will be necessary for the state board of canvassers to send back to the county clerks for a duplicate of the returns, thus delaying the count. Thus far about three-fourths of the counties have sent in their returns as to presidential electors and the tabulation is proceeding slowly.

Having Good Luck.
L. F. Skelley, city clerk, has received a letter from the Mich. Leech-Farley hunting party in camp 10 miles east of Bureau, Mo. The first day after getting the camp settled, the party sighted two deer, but failed to get close enough to shoot at them. They killed four fine turkeys and brought down squirrels until they grew weary. The prospects for great sport are brighter than ever. Possibly Mr. Skelley and Tim Hardy will leave for Missouri Saturday to join the party.

Going to Orono.
Friendship Lodge No. 128, Knights of Pythias, at Orono, will advance two Pages to the rank of Esquire this evening, after which a banquet will be spread. Past Chancellors Wiener, Blodgett, and Damrow, and Knights Helander, Lyon, McKinney, Weigand, Frederick Fisk and others will attend.

Will Make Clothing.
Milton Johnson, I. R. Mills, D. L. Vigne, E. G. Allen, and E. W. Pendleton are the incorporators of the Columbia Manufacturing company of Decatur, capital stock \$25,000. It is the purpose of the company to engage extensively in the manufacture of clothing. The plans will be developed in a short time.

A Factory Building.
Charles P. Thatcher is having a factory building erected on his property on North Main street, close to the Wabash railway. It will be 45x58 feet in size, and two stories high. A. M. Reeves, the patentee of the Novelty baby carriage, will use part of the building. Other parties are seeking space there.

Bananas and Oranges.
To-day the firm of Geo. W. Ehrhart & Co. received a carload of elegant bananas from the south, and the fruit is now ready for the trade. To-night a carload of choice Florida oranges will arrive at the wholesale house. Dealers should place their orders at once with Ehrhart & Co.

DEFEAT AT THE CAPITAL.

The Barbers' Sunday Closing Movement a Failure.

Springfield is to have open barber shops on Sunday, unless the city council takes some action which will close them. Yesterday the cases against the boss barbers who had refused to close up on Nov. 6 were dismissed by the State Attorney Turner and this will probably end the prosecution of the anti Sunday closing barbers, so far as the state is concerned. The action taken by the state attorney is in compliance with a decision of the supreme court, which has decided that such cases as those against the barbers cannot hold good under the state law. This is a defeat for the Barbers union, but it is probable that the association will endeavor to have a Sunday closing ordinance passed by the Springfield council and thus secure the end which the criminal prosecutions failed to reach.

A Bluff.
A telegram from Chattanooga says: "It is rumored in this city to-day that Col. E. T. Dusey will contest the election of Mr. Cannon to congress from this district. The grounds of the contest will be alleged illegal voting and tampering with the ballots and returns in Vermillion county, where Cannon received such an increased vote over his vote of 1890. It is said that there will be some very startling revelations made if Col. Dusey should conclude to contest the election, which many of his influential friends are encouraging him to do."

DELIVERED HIMSELF UP
After Killing the Man Who Debauched His Wife.

GUTHRIE, Okla., Nov. 15.—Sunday night a man rode up to the city jail here and asked to be taken into custody, saying that he had killed a man and wanted to go to jail.

He was a man of about 35 years of age, and he said he was a farmer. He would give no name, but he said he was an officer he sent to the spot. Yesterday it was learned that his name is G. J. Durr, and that he had killed S. H. Foss, a citizen and formerly a member of the fifth United States cavalry, whom he had found in a compromising position with his wife upon his unexpected return to his home.

Found Floating in the Tennessee.
CHATTANOOGA, Tenn., Nov. 15.—Joe Lane's wife, with a party of searchers, found his body floating in the Tennessee river yesterday. Two gunshots were heard at the time, and the body of his mysterious taking off Saturday he went out to kill a wild goose, taking but one load for his gun. He did not return home, and his wife with friends went to search for him. They found the body with its evidence of murder, but no clue to the murderers. The cause of the deed cannot be unearthed. Lane was a prosperous young farmer.

Getting Ready to Start Up.
BEAVER FALLS, Pa., Nov. 15.—When the whistles in the Carnegie works here last evening there were sixty mechanics at work getting the machinery in readiness for the start which is expected to be made to-morrow. Most of the men now at work in the mill are strangers who came in a few at a time. A large number arrived during the afternoon. The town is quiet and the workers are doing all in their power to keep the peace. There are no indications of trouble.

Suicide of a Preacher.
ORANGE, Mass., Nov. 15.—Rev. G. H. Harris, aged 32, pastor of the Universalist church, North Orange, committed suicide on Saturday night by shooting. He was unmarried and lived alone. He was not missed until his congregation was sent to church Sunday afternoon. A messenger found him dead in his study with a revolver in his hand.

Mr. Harris was ordained last year. He was a native of Pennsylvania.

THE LATE LANDSLIDE
The True Cause of the Defeat of Republicans
AS SHOWN BY ELECTION STATISTICS.

It was the Stay-at-Home Vote of Apathetic Farmer Republicans that Did the Business for the Grand Old Party.

WASHINGTON, Nov. 15.—The latest explanation of the election is given by Mr. Fred C. Waite, the special expert of the census bureau, in charge of the statistics of true wealth. He says the election went the way it did because a million republican farmers said at home last Tuesday. All the other surprises of the election seem to him to have been but the following out of natural laws well established by statistics.

In a paper prepared for delivery before Johns Hopkins University he says: "The decrease in the per cent of our population engaged in farming from 1850 to 1890 was exceedingly small. You may ask how, then, could the per cent of our population in cities have increased from 32 1/2 to 62 1/2 per cent. Because the per cent of our population in villages decreased from 38 to 55 per cent. During the eighties there was a change in this uniformity of decrease in population and wealth engaged in the various industries. In 2,000 miles south of St. Paul every county has, for a stretch of twenty miles, shown an absolute decrease during the eighties in the farming population. It is not only so in almost every county east of the Mississippi, but also in the counties containing the major part of the population westward to the Pacific.

"With this exodus of young people from the farms, the money and the wealth has been piled up in the cities. In the central states which contain one-third of the wealth of this continent, the increase in the value of urban real estate has been six times as great as that of the farms, which has actually failed to increase as fast as the mortgage indebtedness upon them. Is it any wonder that this election means more than the defeat of one party? There is nothing surprising to the statistician in the Cleveland vote except that it has been cut down by the new methods of balloting. The republican farmers have not become demoralized. In the northwest they voted largely as populists, but in the central and eastern states they voted against all three parties. The fact that a million republican farmers stayed home and took care of their own business together with the magnitude of the populist vote was the one warning feature of the election. The stay-at-home voters who decide nearly all doubtful elections, seem to be almost as numerous as in 1892 or 1890.

Although there was no third party in 1892 strong enough to get an electoral vote, yet because of the dissatisfaction with the whig party as shown by the unusually large stay-at-home vote the people's or republican party was the natural result. The populists have already elected twenty-six electors and the tremendous stay-at-home vote in every state shows that things are ripe for a reorganization of parties. The only question is whether great minds will step to the front and lead the reorganization or whether it will be left to the political kickers and men with socialistic inclinations."

A BOLD SCHEME
To Swindle the City of Cheyenne Which Didn't Work—A Warrant Issued.

CHEYENNE, Wyo., Nov. 15.—A warrant for the arrest for Ben Blanchard who attempted to swindle the city of Cheyenne out of \$800,000 has been issued, and officers are after Blanchard who is at Hutchinson, Kan. Blanchard came here a year ago, claiming to be an agent for an eastern syndicate wanting to build a half million dollar smelter in Cheyenne. A bonus of \$200,000 in cash and real estate was raised by the people here, but contrary to Blanchard's expectation they refused to turn it over to him until the smelter was built. He had made a bold bluff of commanding work and commenced contracting for several thousand dollars' worth of work on excavations. Part of this he paid for by drafts on eastern people which were rejected. Blanchard left the city and for the past three months could not be located.

WHISKY DID IT.
A Bloody Affray With Fatal Results Among Drunken Miners.

ZANESVILLE, O., Nov. 15.—Passengers on the west-bound Baltimore & Ohio train yesterday afternoon, report a terrible fight at St. Clairsville Junction, a small mining town about four miles west of Bellairs. About twenty miners employed at Troll Bros' mines, went to Bellairs and indulged deeply in intoxicants.

On returning to St. Clairsville Junction a political discussion precipitated a drunken brawl, in which a miner named Velina was killed, and another miner named Plattner was fatally injured. Twelve stones and clubs were used as weapons in the melee and several of the participants received injuries which are serious. About fifteen of those engaged in the fight were arrested, but those who inflicted the blows which were fatal escaped.

Miss Mather is Not Mrs. Pabst.
LOS ANGELES, Cal., Nov. 15.—Margaret Mather declines to be interviewed regarding her reported marriage with G. G. Pabst, son of the Milwaukee brewer. Her niece, however, denies that there has been any wedding. Pabst came to this city with the company and placed Miss Mather's name on the hotel register beneath his own.

Will Not be a Republican.
EMPORIA, Kan., Nov. 15.—Official returns from Gemwood county give only two majorities for Waterhouse for state senator. This makes it certain that the next United States senator will not be a republican.

Death of the Widow of Ralph Waldo Emerson.
BOSTON, Nov. 15.—The widow of Ralph Waldo Emerson died at Concord, Mass., Sunday. Mrs. Emerson will be buried beside her illustrious husband in Sleepy Hollow.

MILLIONS OF MONEY
To be Attracted to America by the World's Fair.

LONDON, Nov. 15.—The Financial News says it thinks that the long-expected boom in American railway securities may come now at any hour. The American speculators, it declares, have not yet grasped the potential source of traffic expansion that will be afforded by the Chicago World's fair. There is nothing extravagant in the estimate that \$250,000,000 of foreign money will be left in America as the harvest of the exhibition. American will be literally burdened with money-seeking investment.

Supposed to be Lost with All On Board.
SARITA, Ont., Nov. 15.—It is generally believed that the schooner Hercules, owned by Findly McGibbons, of this place, has been lost with all hands. The vessel cleared from Port Huron, Mich., with a cargo of lumber for this port and is now eight days overdue. The Hercules was commanded by Capt. Glass.

A Big Fire in a Little Town.
NEVADA, Mo., Nov. 15.—Eldorado Springs, eighteen miles east of this city, was visited by a destructive fire Sunday, eleven business houses being destroyed. The loss is estimated at \$100,000. The insurance is very light. The firm is supposed to have originated from fire-works at a democratic jubilee.
